A. Tucker Gleason, Ph.D.

Assistant Professor of Clinical Otolaryngology

Director, Vestibular & Balance Center

University of Virginia Health System, Charlottesville, VA

Dr. Gleason is an Audiologist certified by the American Speech-Language-Hearing Association. Her clinical practice is dizziness & balance disorders and diagnostic audiology. Her research interests are vestibular physiology, cochlear mechanics, and vestibular/visual interaction.

Jeff Walter, PT, DPT, NCS

Director, Otolaryngology Vestibular & Balance Rehabilitation

Geisinger Medical Center, Danville, PA

Adjunct Faculty Misericordia University Dept. of Physical Therapy

Jeff Walter is a sought-after speaker who has lectured at numerous professional conferences, universities and continuing education courses for audiologists, physicians and therapists involved in managing patients with dizziness and imbalance.

CONTINUING EDUCATION:

AAA Credits - Micromedical Technologies, Inc. is applying for 1.5 CEU Credits through the American Academy of Audiology to offer AAA CEU's for this course. AAA approval of this continuing education activity does not imply endorsement of course content, specific products, or clinical procedures.

AZPTA Credits - Micromedical Technologies, Inc. is applying for 1.5 Continuing Competence contact hours through the Arizona Physical Therapy Association. AzPTA approved courses are 'Category A' courses pursuant to Arizona Administrative Code R4-24-402. Arizona licensed physical therapists are urged to review this section of the Code prior to committing to this or any course to meet their continuing competence requirements.

COURSE FOCUS

This course is designed to review the practical performance and principles of balance assessment and management with emphasis on interpretation. This is an intermediate to advanced level course and assumes a general working knowledge of the anatomy and physiology of the vestibular & balance systems. It also assumes general familiarity and experience with ENG/VNG testing.
